Email: admin@queenspark.school.nz

This year we want more of our families to get involved with our school. Without your help we will not be able to retain the special flavour that makes our school so special.

So, please, we know that time is precious to EVERYONE, but if we all roll up our sleeves and give back a little of ourselves we will not only help keep that special-something that Queenspark has to offer, we will have fun with our children and new-found friends. (Our children love us being involved in things happening around school).

There are many different things happening at school, many of which occur in the evening. There will be a time-slot that will suit your lifestyle. Some tasks are for limited terms, others may require longer commitment.

So let's all get involved and show our community we care.

We are excited about you joining us in this venture and can guarantee that you will find it satisfying to be actively involved in the Queenspark School community.

Please tick below the tasks you are able to help with:

- Junior School Reading & Writing or Mathematics programmes
- School Environment / Trades people
- Road Patrol Duty
- Lunchtime / Sport coaching activities
- Security Patrol
- Library
- PTA committee
- PTA short term project
- Disco
- Other personal interests / skills which could be utilized in the classroom
